Bus Stop Schedules

Hybrid Opening 2020/2021

Social distancing restrictions limit the capacity on school buses to one student per seat, or 2 siblings together. Where possible, families are encouraged to provide transportation. The following bus schedule is for students that are eligible for transportation and have no other alternative.

Pick-up and drop-off times are estimates only. Please be at the bus stop closest to your home **at least ten minutes before** the estimated pickup time.

When a bus reaches capacity, the driver will suspend boarding and take the loaded students straight to school. When the students have unloaded at the school the driver will return to the stop where boarding was suspended and continue the run from there.

Please note that this schedule is for general education students only. Students receiving special services will receive personal communication from Student Support Services about their bus schedule.
