

MENU OF ‘RISING TIDE’ SUMMER OPPORTUNITIES

World Ocean School Summer Ambassador Program

www.worldoceanschool.org

In Summer 2019, students ages 12-16 will set sail for two weeks—expanding their perspective of the world, immersing themselves in and contributing to different cultures, and building a community aboard the historic landmark schooner *Roseway*. During their expedition at sea, students will learn seamanship and navigation skills as they operate and maintain the 137-foot schooner that is their home, and will stop in ports of call to participate in community service.

One Wellesley Summer Exploratory Workshops

www.wellesley.edu/summer/highschoolprograms

In *One Wellesley Summer*, motivated young women in their junior year of high school will experience college life in an academically challenging and culturally inclusive environment. Summer @ Wellesley offers young women the opportunity to take stimulating classes from data and mathematics to college writing courses all taught by full-time Wellesley faculty.

MECA Precollege Program

www.eca.edu/academics/pre-college/

Three-week residential Program making art all day long in our state-of-the-art facilities in the heart of Portland Maine's Arts District. Live in our Residence Halls, eat at our cafe, explore Portland, and be a part of a community of artists from all over the U.S. and beyond.

National Student Leadership Conference Washington DC www.nslcleaders.org/

At the NSLC on **Political Action & Public Policy**, you will learn how you can have an impact on our nation's future. You and the other students in your program will stage a mock Presidential campaign. At the same time you will immerse yourself in the inner workings of the U.S. Congress. Leading political advisors, politicians and experts on the intricacies of government will be your guides as you gain a real-world understanding of the U.S. political system.

National Student Leadership Conference New Haven, CT

www.nslcleaders.org/

At the NSLC on **Business and Entrepreneurship**, high school students experience realistic simulations that let them see and feel what it's like to start, manage, and build a company. Working with your peers, you will tackle the challenges of a start-up-from idea generation to securing financing, to launching your business. By the end of the program you will understand how to turn a great idea into a business plan, perfect your elevator pitch, and land the all-important angel investor.

The Harvard Pre-College Program

<http://www.summer.harvard.edu/high-school-programs/pre-college-program>

The Harvard Pre-College Program is an immersive, collaborative, and transformative residential experience. Alongside peers from around the world, you'll thrive in a dynamic and supportive academic environment. In this two-week program you'll be introduced to college life as you attend challenging classes, live on campus, and enjoy fun excursions and activities. Pursue your interests in courses focusing on physics, law, writing, philosophy, and a dozen other subjects. In our noncredit classes, we dispense with grades so that you can fully commit to your growth as a student, well-rounded individual, and engaged citizen.
